

Project - 6:

Marked by: Aidan

Name: Ana Cardoso Cachopo

Points: 14/16

Identify: Problem Statement & Goals 1/2

Ok well, by rewriting this in your own words you clarify workflow so that's why it's stressed here.

Acquire: Query IMDB, write results, scrape IMDB 3/3

Bonus: Scrape with BeautifulSoup

Great, looks good.

Mine: Rename & describe data 2/2

Good data handling.

Refine: Visualize data 3/3

Bonus: Use multiple data viz tools

This is really nicely done so I gave the bonus point here. Good work on the text also.

Model: Fit and evaluate model 2/3

Bonus: How is model at risk of overfitting?

Ok really nice!

Present: Describe findings in blog post: summary, model, recommendations 3/3

Great work!
